## **STA TERESA ELEMENTARY SCHOOL**

### **MANIFESTO OF SUPPORT TO ST. AUGUSTINE GOLD-COPPER LIMITED, INC. (SAGCL)**

**We, the officers and members of the Sta. Teresa Elementary School' Parents and Teachers Association (STES-PTA), aware of our responsibilities towards the education of our children and committed to the care of our youngsters, believe that St. Augustine Gold-Copper Limited, Inc. (SAGCL) is committed to improve the lives of the young Pantukeños, especially in promoting a better education, do hereby execute this manifesto, to wit;**

That, in caring for our children, teachers have stood in the frontline educating, parenting and counselling, affirming our children's needs and advocating their right to quality education. We lay witness to the limited capacity of the educational system to completely address all educational needs of our children. And that there is a need to reach out to stakeholders for schools to be improved.

That, St. Augustine Gold-Copper Limited, Inc. (SAGCL) has shown its commitment in upholding a better education by providing Information and Communication Technology (ICT) materials to Sta. Teresa Elementary School – materials which are important instruments since they create a powerful learning environment and transform the learning and teaching process in which students deal with knowledge in an active, self-directed and constructive way.

That, the SAGCL has substantiated its dedication in helping Sta. Teresa Elementary school for it has improved the Kindergarten classroom which makes it safe and conducive for learning; has financially assisted talented students to provincial extra-curricular activities; and has enhanced the nutritional status of the learners by sponsoring feeding programs especially to the graduating students . The company has also helped the school in terms of physical improvements.

That, because of the unwavering assistance the St. Augustine Gold-Copper Limited, Inc. (SAGCL) has given to Sta. Teresa Elementary School as well as the assurance of *"constructing a safe and modern mine with responsible environmental protections"*, **We, the officers and members of the Sta. Teresa Elementary School' Parents and Teachers Association (STES-PTA) have decided, to explicitly support the SAGCL project's exploration until the time of its operation.**

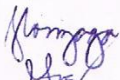

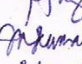

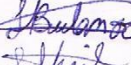

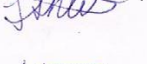

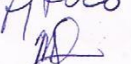

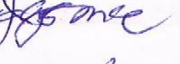

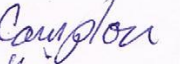

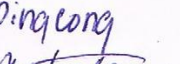

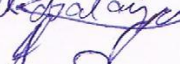

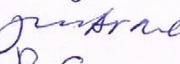

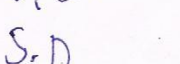

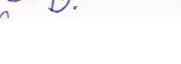

Done this 25<sup>th</sup> day of January, 2012 at Sta. Teresa Elementary School, Sta. Teresa, Magnaga, Pantukan, Compostela Valley.
